# DOORASHADA DUGSIGA

**Gudbi doorashada fasalka dugsi-  
hore ama fasalka 7aad inta u dhaxaysa  
22-ka Janaayo iyo 5-ta Febraayo!**

**[jarfalla.se/skolval](http://jarfalla.se/skolval)**

# Hadda waa waqtigii la codsan lahaa iskuul sannad-dugsiyeedka 26/27

Markaad gudbisoo doorashada meelaynta dugsiya, degmada waxay ku dadaalaysaa inay buuxiso doorashadaada inta ay suuragal tahay. Meelayntu waxay ku salaysan tahay doorashadaada iyo tirada boosaska bannaan ee dugsiyada.

## Sidan ayaad u codsanaysaa

Waxaad doorashada ku gudbisaa adeegga elektarooniga ah ee aad ka heli karto [jarfalla.se/skolval](http://jarfalla.se/skolval). Si aad u isticmaasho adeegga elektarooniga ah waxaad u baahan tahay BankID. Haddii aadan haysan BankID, waxaad ka dalban kartaa adigoo la xiriiraya bangigaaga ama booqanaya [support.bankid.com](http://support.bankid.com).

## Codso boos fritidshem

Haddii aad rabto inaad ilmahaaga fasalka dugsi-hore u diiwaangeliso boos fritidshem, waxaad sidaas samaynaysaa bisha May/Juun marka aad hesho go'aanka meelaynta ee ku saabsan dugsiya uu ilmahaagu aadi doono dayrta 2026. Macluumaadku wuxuu ku qoran doonaa go'aanka meelaynta.

## Ma codsanaysaa dugsi gaar loo leeyahay?

Ma rabtaa in ilmahaagu aado dugsi gaar loo leeyahay ama dugsi ka baxsan degmada? Haddii ay sidaas tahay, waa inaad si toos ah ula xiriirtaa dugsiyaas.

Haddii aad ogtahay in ilmahaagu uusan aadi doonin dugsi degmada Järfälla, waa inaad ka tanaasushaa doorashada dugsiya ee degmada si booska loogu siiyo arday kale. Tan waxaad ku samaynaysaa adeegga elektarooniga ah. Haddii ilmahaagu leeyahay meel dugsi gaar loo leeyahay oo degmada ku yaal ama dugsi ka baxsan degmada, isla markaana aadan gudbin doorasho ku saabsan dugsiya ee doorashada dugsiya ee degmada, ilmahaaga looma soo jeedin doono boos dugsi degmada ah.

## Maxaa dhacaya kadib muddada codsiya?

### Go'aanka meelaynta dugsiya

Dhammaadka Maarso waxaad helaysaa go'aanka meelaynta dugsiya. Meelayntu waa toos, taas oo ka dhigan inaad u baahnayn inaad xaqiijiso booska.

Dugsiyada gaar loo leeyahay waxay bixin karaan go'aanka booska dugsiya waqti kale.

## Haddii aad rabto inaad beddesho dugsi

Haddii aadan ku qanacsanayn meelayntaada, waxaad codsan kartaa beddelka dugsiya.

- Muddada ugu horreysa ee caadiga ah ee beddelka dugsiya waa bisha May.
- Fursad kale ayaa jirta ka hor bilowga terminka dayrta adiga oo bilaabaya fasalka dugsiya-hore ama fasalka 7aad.

Muhiim in la ogaado

- Beddelka dugsiya wuxuu ku xiran yahay boosaska bannaan.
- Haddii aadan helin dugsiya aad rabto, waxaad sii haysanaysaa meelayntaada hadda.
- Taariikhaha muddada beddelka dugsiya waxaad ka heli kartaa [jarfalla.se](http://jarfalla.se)

## Sidan ayaa boosaska dugsiya loo qaybiyaa

Inta ay suuragal tahay waxaan isku daynaa inaan ilmahaaga u meelayno sida doorashadaada. Haddii ilmahaagu uusan helin doorashada koowaad, degmada waxay isku dayaysaa inay u meelayso doorashada labaad, iyo sidaas oo kale.

Kala hormarinta gelitaanka fasalka dugsiya-hore

1. Arday leh mudnaan walaal (waxay khuseysaa haddii walaalka/walaashu ka mid noqon doono fasallada 1-3 ee dugsiya la doorbiday marka terminka dayrta bilaabmayo; kaliya walaalaha ku diiwaangashan isla cinwaan ayaa siinaya mudnaanta walaalaha)
2. Arday codsaday/meel ka dalbaday dugsiya iyo arday aan gudbin doorasho ku saabsan booska dugsiya, balse loo malaynayo inuu rabo dugsiya iyadoo lagu salaynayo u dhowrsanaanta dugsiya ee guriga.
3. Arday ka yimid degmo kale.

Kala hormarinta gelitaanka fasalka 7aad

1. Arday codsaday/meel ka dalbaday dugsiya iyo arday aan gudbin doorasho ku saabsan booska dugsiya, balse loo malaynayo inuu rabo dugsiya iyadoo lagu salaynayo u dhowrsanaanta dugsiya ee guriga
2. Arday ka yimid degmo kale.

## Haddii aadan gudbin doorasho dugsi

Degmadu waxay mas'uul ka tahay in dhammaan carruurta ku waajibay dugsiya ee degmada ku diiwaangashan ay helaan boos dugsi. Haddii aadan gudbin doorasho dugsi, dugsiya kuugu dhow wuxuu si toos ah u noqonayaa doorashadaada koowaad.

### Haddii boosaska dugsigu aysan ku filnayn

Haddii arday badan ay codsadaan isla dugsi oo dhammaantoodna aysan helin boos, waxaan u adeegsannaa mabda'a u dhowrsanaanta qaraabada ah si aan u sameyno kala saarid.

Taas macnaheedu waa in masaafadda ardayga ee u dhexeysa guriga iyo dugsiga la doonayo iyo dugsiyada kale ee ku dhow la barbar dhigo masaafadaha ardayda kale. Waxaan ku salaynnaa cinwaanka ku qoran diiwaanka dadweynaha iyo waddada socod/baaskiil ee ugu dhow ee dugsiyada.

Ujeeddadu waa in dhammaan ardaydu helaan masaafad macquul ah oo ay u jirto dugsigooda. Waxaad ka akhrisan kartaa wax badan oo ku saabsan mabda'a u dhowrsanaanta qaraabada ah jarfalla.se/skolval.
